BOW-HORD.

Former Pembroke People Married
in Louisville Last Week.

Miss Annie Hord, daughter of
Mrs. Henrietta Ford, of Pembroke,
and Dr. Howard Bow, son of Rev.
J. G. Bow, formerly of the same
place, were married in Louisville
last week. The young couple have
a host of friends in this city who
extend best wishes.

DROWNED.

Kirkmansville Youth Loses His
Life While Seining.

Stepped Into Ten Foot Hole And
Sank to The Bottom—Body
Recovered.

Dillard Powell, a well known
young farmer of the Kirkmansville
neighborhood, was drowned while
seining Saturday. He and four or
five companions had been seining in
a stream near that place and de-
cided to try deeper water. Young
Powell, who wore a heavy over-
coat and boots, waded out into the
water to test the depth and stepped
into a hole. He sank in about ten
feet of water and despite the ef-
forts of his companions to rescue
him drowned as above stated. The
body was not recovered for several
hours.

Powell was a son of Mr. Levi
Powell and was about eighteen
years old. He was a very popular
young man and his untimely death
is a source of much regret to his
host of friends.

The remains were laid to rest in
the family burying ground Sunday.

WANTS \$5,000.

Traveling Salesman Asks Dam-
ages of Dr. McCormick.

F. W. Jones, a traveling sales-
man, filed suit here yesterday
against Dr. E. B. McCormick for
\$5,000 damages. Jones alleges that
while Dr. McCormick was health
officer at Owensboro he permitted
plaintiff to take board at a house
in that city where the proprietor had
been smitten with smallpox, and that a
son of the proprietor had the dis-
ease and was permitted to remain
in the house during its course. Plaintiff further states that he con-
tracted the disease, was forced to
spend 31 days in the pest house, and
that defendant intentionally con-
cealed from the public the fact of
the prevalence of the disease in the
house when he entered it.

MISSOURI CAPITALISTS

Have Purchased Grand Rivers and
and Will Erect Factory.

Capitalists of St. Louis have pur-
chased Grand Rivers, a boom town
17 miles west of Princeton, estab-
lished in 1880 by Multi-Millionaire
Thomas Lawson, of Boston, but
abandoned during a panic, causing
many thousand dollars' loss in 1892.
The St. Louis capitalists gave
\$500,000 for the property, and will
begin the erection shortly of a mam-
moth wire, steel, and nail factory,
employing thousands of people.
The great iron furnaces have lain
idle since Lawson abandoned the
place.

INCISION IN SIDE.

Made By Surgeons and Fluch Pus
Was Removed.

An operation has been performed
on the little son of Mr. W. S. Elgin
to remove the pus accumulation
from his right side caused by pneu-
monia. The little fellow had
been in a very dangerous condition
for several weeks, but is now much
better, and the chances for his re-
covery are considered good. He
has been ill for eight weeks.

SECOND ATTACK

Of Typhoid Fever Causes Death
After Brief Illness.

The wife of Bunk Jones, a well
known farmer of near Kirkmans-
ville, died Sunday afternoon of ty-
phoid fever, aged 40 years. It was
the second attack of that dreadful
disease. She is survived by a hus-
band and six small children. The
interment took place yesterday
afternoon in the Hale burying
ground.

ASYLUM MUDDLE.

Dr. McCormick Asked to Resign
From His Position.

Gives Out a Salty Statement,
Charging a Political Conspir-
acy—The Board Stands
By Him.

For some time there, have been
signs of trouble in the Western
Asylum, growing out of the fact
that Dr. McCormick was disposed
to run the institution according to
his own ideas, which did not at
times coincide with the notions of
his superiors. These troubles
culminated two weeks ago in
formal charges brought by W. J.
Chiles and Mrs. Chiles, alleging
that Dr. McCormick had been guilty
of immoral conduct with Miss
Hannah York, an attendant who
has since married. It was alleged
that he spent several hours in a
room on the fourth floor with Miss
York, the charges being based on
this circumstance.

The following signed statement
was given to the daily papers
Sunday afternoon by Dr. McCor-
mick:

Dr. McCormick's Statement.

"In view of the fact that reports
of charges against me have ap-
peared in the newspapers, I deem
it best to make a plain statement
of the matters as far as touched upon
in the press dispatches, and also
in order to show my reasons for
court and demanding an investi-
gation and to explain why I have
not resigned as urged by State In-
spector Hines.

"Miss Hannah York, now Mrs.
C. D. Mason, of Clinton, Ind., the
attendant slandered by Chiles, was
in the asylum when I took charge
of the institution. Her predecessor,
Dr. T. W. Gardner, of Madisonville,
Ky., recommended her highly as a
young lady of excellent character
and a most efficient attendant. I
found her to be such, and no reflection
upon her character had been heard
from any source prior to Chiles' men-
dacious assault. On the day I called
to see Miss York on business, she
had that morning, in the presence
of another attendant, asked to have
a consultation with me after her day's
duties were concluded at 3 o'clock.

As I was going to be otherwise en-
gaged that evening, I called at her
ward and was told by the attend-
ant, who had relieved her, that she
could be found in another at-
tendant's room on the floor above.
I went to the room and held a con-
versation with Miss York, lasting
perhaps forty minutes. She asked
me not to allow her to be changed
from the ward she then had charge
of, it having been proposed to trans-
fer her on account of her efficiency
to a ward in one of the cottages.
She also discussed the matter of
quitting the asylum, as she was, I
afterwards learned, engaged to be
married to C. D. Mason, of Clinton,
Ind., an attendant under the former
administration. Nothing occurred
in the entire interview in any wise
improper. It was purely official
and relating to Miss York's busi-
ness relations with the institution.
Any statement to the contrary is
mendacious and malicious.

"After learning of Chiles' charges
against me, I laid the entire matter
before the Board and asked an in-
vestigation, and the Board officially
requested the Governor to order a
full legal inquiry.

"This was not granted to me.

"Prior to this I had been in per-
son to see the Governor. When I
returned, Chiles accompanied by
Dr. W. E. Lackey, first assistant
physician, went to Frankfort, and
both held an interview with the
Governor. A member of the Board
at the same time called on the Gov-
ernor and laid before him the resolu-
tions adopted by the Board and
told him that I was anxious for an
opportunity to establish my inno-
cence. The Governor told this gen-
tleman that the charges against me

were not of a character to justify
my removal and Saturday night in
a talk to me over the telephone he
left me under the same impression.
On Monday following I discharged
Chiles and his wife. Chiles had all
along proven to be a source of
trouble in the asylum. He had
been disappointed because he was
not given an office, his wife being
among my appointments as matron.
As no office remained for him, he
became an attendant. He was re-
commended to me by the men who
are now trying to secure my re-
moval. He displayed so much hos-
tility to me that I called the atten-
tion of Inspector Hines to his atti-
tude and Mr. Hines talked to him
in my presence and gave me no
change his course and give me no
further trouble. I then gave him a
more desirable line of work and he
expressed himself as satisfied.
This was not long after a vacancy
had occurred in the supervisor's
office. Chiles wanted this place,
but I appointed Dick Robinson,
of Bowling Green, one of Inspector
Hines' friends. His next move was
to prefer the false charges as above
referred to.

About three weeks ago I obtained
undoubted evidence that a con-
spiracy existed to bring about my
removal. A letter addressed to
Dr. Lackey by Prison Commissioner
Geo. V. Green was left lying in one
of the public rooms of the asylum.
It urged Dr. Lackey to stand firm
and not weaken on his statements
and "McCormick would soon be out
of the way." I took the letter and
confronted Dr. Lackey with it and
charged him with double-dealing
and an unpleasant episode resulted
in the presence of several witnesses.
After a long talk over the matter we
came to a friendly understand-
ing again and I again thought my
troubles were to some extent over.
But I was not allowed to rest. This
was just before Chiles and Lackey
went to Frankfort. After I dis-
charged Chiles the conspirators
began anew and Inspector Hines
appeared Wednesday with a re-
quest for my resignation. The
Governor stated that it was advis-
ory and not mandatory. Then
again the Board met and adopted
still stronger resolutions and re-
newed the demand that I be given
a chance to vindicate myself and
show the motives behind the con-
spirators to get me out of the way.
I made a report to the Board ex-
plaining the imperative need of in-
vestigating the official misconduct
of some of the very men who are
persecuting me. These matters
and their own belief of the con-
spiracy existing were referred to
in the second demand for an in-
vestigation.

"I am not only desirous to establish
my innocence of the contemptible
charge made against me, for it not
only affects me and my family but
that of a woman whose virtue has
been her ally; but in order to show
the infamous conspiracy which has
been hatched against me. It is in-
deed an easy matter to slander the
good name and fame of any man, es-

pecially in my profession; but as
long as justice sways the scepter of
power in our old commonwealth, I
feel that a man who has his all at
stake ought to at least be allowed
to confront his accusers and dis-
prove their charges if in an open
tribunal they can find sufficient
courage to speak their truth.

E. B. MCCORMICK.

The Board's Action.

The resolutions referred to above
are here given:

"Whereas, at a called meeting of
the Board of Commissioners of the
Western Kentucky Asylum for the
Insane held on 15th day of April
1901, a resolution was adopted re-
questing the Governor to institute
and cause to be made a full and
fair legal investigation of certain
charges against the moral charac-
ter of Dr. E. B. McCormick, Supt. of
said Institution and the President
of said Board being directed there-
to furnish a copy of same to His Ex-
cellency which was there and where-
as the Governor for reasons best
known to himself has taken no
notice of this request, and where-
as this Board is reliably informed that
the Governor has requested the re-
signation of Dr. E. B. McCormick
as Supt. of said Institution, and
whereas it has come to the acknowl-
edge of this Board that Charges of
a grave nature have been circulated
against other officers of said Insti-
tution, and whereas said rumors
against the said Superintendent and
other officers have been circu-
lated through the entire community
thereby injuring the institution,
indirectly casting a reflection upon
this Board, and whereas this
Board believes from all the facts it
has been able to gather that said
charges against said Dr. E. B.
McCormick are the result of a con-
spiracy to injure his character and
compel his resignation or removal,
now therefore in view of these
promises he is resolved.

1st. "That this Board believes
said charges against the moral
character of Dr. E. B. McCormick
to be false.

2nd. "That in justice to this
Board, to the character of the In-
stitution and its management, and
to all parties concerned, we insist
that a full and fair legal investi-
gation of all the charges made against
the said Superintendent and other
officers be instituted by His Ex-
cellency and prosecuted to completion,
and that a formal report of the facts
be made.

3rd. "That the Governor be and
he is hereby requested to with-
draw his request for the resigna-
tion of Dr. McCormick pending such
investigation.

4th. "That the Secretary of this
Board is hereby instructed to fur-
nish a copy of these resolutions to
His Excellency, the Governor of this
Commonwealth."

The Board is composed of the
following gentlemen:

Charles Knight, President, Dea.
James Breathitt, Rep.
J. W. Downer, Rep.

OFFICE 154 SOUTH MAIN STREET.

TUESDAY, APRIL 30, 1901.

The great Louisville Derby came off yesterday and a big crowd was in the city.

Mr. H. W. Jones has bought the Marshall Democrat from Mr. L. E. Hood.

Count Tolstoi is to be banished from Russia and will take up his residence in Paris.

Since the discovery of oil at Beaumont, Texas, Jan. 10, 174 oil companies have been chartered in Texas.

Senator Jas. K. Jones, of Arkansas, will have a hard fight for re-nomination. There are several candidates out against him.

Henry R. Lawrence, of the Cadiz Record, is a candidate for the Democratic nomination for representative in Trigg county.

Mr. W. J. Harahan has again been promoted in railroad work and is now superintendent of the entire system of the Illinois Central.

Commonwealth's Attorney Frank Parsons, of Louisville, died last week and Gov. Beckham will be called upon to appoint his successor.

A young doctor in New York, 28 years old, wants to raffish himself off as a lottery prize and marry the girl who holds the winning ticket.

Lee Kewcher and Miss Lizzie Keen, deaf mutes, were married at Evansville last week. They were graduates of a Deaf Mute School, where they met and fell in love.

A special examination will probably be arranged for the new army Lieutenants, as it is realized that they cannot pass if the regular standard is required.

Minister Conger failed to carry out the president's ideas in some respects in China and it is not thought he will be returned. He is a receptive candidate for Governor of Iowa.

Thos. E. Ketchum, a train robber, lost his head at Clayton, N. M., Friday. He was being hanged and the drop was so great that it jerked his head off. The rope broke but the sheriff who was officiating let it go at that.

The President has announced the appointments for the new Eastern Kentucky Federal Judicial district as follows: A. M. J. Cochran, Maysville, Judge; James H. Tinsley, Harboursville, Attorney; Steve Sharp, Lexington, Marshal.

The Cuban delegates were much impressed with the way they were welcomed and dined in Washington and it is thought they were won over to the support of the Platt amendments. The President saw them finally Friday, preparatory to his departure for the West.

The remains of Abraham Lincoln and members of his family, which have rested in a temporary stone vault near the National Lincoln monument in Springfield, Ill., since March 10, 1900, when the work of rebuilding the monument was commenced, were Wednesday afternoon replaced in the crypt in the monument.

eware of Quinments For Catarrh That Contain Mercury

As mercury will surely destroy the system of an individual and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials from Hall's Family Pills are the best.

The Stimulus of Pure Blood

That is what is required by every organ of the body, for the proper performance of its functions.

It prevents biliousness, dyspepsia, constipation, kidney complaint, rheumatism, catarrh, nervousness, weakness, faintness, pimples, blotches, and all cutaneous eruptions.

It perfects all the vital processes.

W. P. Keeton, Woodstock, Ala., took Hood's Sarsaparilla to make his blood pure. He writes that he had not felt well for some time. Before he had finished the first bottle of this medicine he felt better and when he had taken the second was like another man—free from that tired feeling and able to do his work.

Hood's Sarsaparilla

Promises to cure and keeps the promise. Accept no substitute, but get Hood's today.

The troubles at the Western Asylum appear to be more of a political nature than otherwise. The real trouble, in the opinion of the Board, is outside and not inside the institution. The KENTUCKIAN opposed the appointment of Dr. McCormick, or rather supported another man for the place he holds. We do not now know the full nature of the charges made against him, but we believe he is entitled to a fair showing. We would say as much if he were a Republican. A physician's character is his capital in business. Dr. McCormick's removal without a full legal investigation could not meet the approval of any fair minded man. It would give credence to charges the Governor has once passed upon and held to be insufficient.

A great deal has been published, of late, on the career of General Funston, but the subject is approached from an unusual point of view by Prof. James H. Canfield in the Review of Reviews for May. Dr. Canfield was one of Funston's college teachers in the University of Kansas. He writes appreciatively of the qualities displayed by young Funston in the classroom, recalling that he was himself once fairly "floored" on a point in economics by his brilliant pupil.

That monthly mirror of the world's news, the Review of Reviews, covers in its May issue a great variety of current political and industrial topics, including the recent municipal elections, the Cuban and Philippine situations, the relations of labor to the new steel trust, the threatened war between Russia and Japan, and England's enormous war taxation.

It is said Gov. Beckham will tender the appointment of circuit judge to Hon. Jas. D. Black, of Harboursville, to succeed Judge Tinsley. As the district is overwhelmingly Republican, it is not likely that Judge Black would accept for only six months, but as the term is more than half off his appointment might last until 1904.

Prof. Algier R. Crook, a bachelor professor of the Northwestern University, recently stated in a public lecture that he never hugged or kissed a woman. Perhaps the old boy has confided his caresses to young girls.

A posse has started after the Letcher county kluxers leaders who are defying arrest, and a battle is expected when the two forces meet. The military company has disbanded and many of the members will join the posse.

Quickly Avenged.

Elberton, Ga., April 26.—Miss Rhoda Alexander was assaulted by a negro workman near her home Wednesday. Friends of the family captured the negro and lynched him.

SCHOOL TRUSTEES.

Dr. Stites and Mr. Galbreath Will Stand For Re-Election.

Next Saturday is the regular day for the election of two trustees for the Hopkinsville Public Schools for three years. Dr. F. M. Stites, President of the Board, and Mr. John B. Galbreath, who has been a member for nine years, are the retiring members and both have consented to stand for re-election. There is no opposition so far as known and they will probably be re-elected for another term.

DATE FIXED.

Old Fiddlers Will Draw the Bow at Springfield.

The gentlemen having in charge the arrangements for the "Old Fiddlers' Contest" have decided on holding it Thursday night, May 16th, says the Springfield, Tenn., News. This contest is to be given for the benefit of the Tabernacle and after the expenses for holding the contest are paid the balance of the money will be used toward paying the large debt now hanging over that magnificent building.

The program and list of prizes will be published next week. The prizes are being donated by the business men of the town and it is expected that they will be competed for by fiddlers from Summer, Davidson, Claiborne, Montgomery and Robertson Counties, Tennessee, and Logan and Christian Counties, Kentucky.

VEHICLE DEMOLISHED

And Occupant Badly Bruised But Not Seriously Hurt.

While Mr. Frank Ragsdale was returning from a business trip to Todd county last Saturday evening, and when near Allegrow, his horse became frightened at a dog and ran off. The buggy was overturned and Mr. Ragsdale thrown violently to the ground. He was considerably bruised and the skin was peeled from his nose, but his injuries are not of a very serious nature. The vehicle was demolished.

A Testimonial from Old England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well. It is a great pleasure to the manufacturers of Chamberlain's Cough Remedy to be able to publish testimonials of this character. They show that suffering relieved and valuable lives restored to health and happiness by this remedy. It is for sale by all druggists."

MUSIC FESTIVAL.

Louisville Musical Event Only Two Weeks Off.

With the May Music Festival but two weeks hence, the outlook for the annual season of melody and song is brilliant. Wide interest is being taken in the concerts here and throughout the State, and there is every indication that large and splendid audiences will hear every concert.

The feature of this week will be the opening of the sale of single tickets on Wednesday morning at the Auditorium box-office. Only two more days remain, therefore, in which to secure the advantages of a season ticket, for no season ticket will be sold after Tuesday.

The advantages of the season ticket are numerous. Not only does it give the purchaser an earlier choice of seats, but there is embraced a considerable saving of money. The prices of single seats for the night performances range from \$1 to \$2.50, while the matinee prices will be from fifty cents to \$1.50.

A big rush for single seats is expected. The sale of season tickets has been satisfactory.—Courier-Journal.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. Mrs. West Improving.

Mrs. Jas. West, who with her husband, went to Asheville, N. C., ten days ago, is now in Winthip Sanitarium at that place, being treated. She was thought to be improving last Thursday when Mrs. West left for home. Her many friends hope that she may be permanently benefited by her stay.

The Best Remedy For Rheumatism.

QUICK RELIEF FROM PAIN.
All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Stokes, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists at this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by all druggists.

HEAVY DAMAGE SUIT

Filled Against Railroad Company by An Engineer.

J. A. Thomas, an L. & N. engineer, filed suit here against the railroad company for \$15,000 damages. Thomas alleges that a year ago at Henderson one of his ribs was fractured and that he was otherwise badly injured while working a lever on his engine on which the counter balance spring was not perfectly adjusted, causing him to unduly strain himself.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by all druggists.

Some one fired a shot into the house which narrowly missed Abe Parker, the miner, who sat before his fire warming before retiring. Parker is employed by the St. Bernard Coal Company and that company has offered \$200 reward for the arrest and conviction of the man who did the shooting.

Tutt's Liver Pills

Women don't dress your heads at the expense of your hands and feet.

DON'T BE FANCY.

It does no harm. If you have a good thing tell it right out. Don't use false means to attract attention. We say right out and mean it, too, that Dr. Caldwell's Syrup Pepsin will cure any case of stomach trouble. It will stop any pain caused by indigestion; it cures sick headache by attacking the cause of the complaint and aids you to digest your food properly what you eat. Sold by C. K. Wyle.

Women shouldn't imagine their beauty will atone for untidiness.

"BRIEF TOLD."

George L. Heard of High Tower, Georgia writes: "Ezema broke out on my baby covering his entire body. Under the treatment of the family physician he got so bad he could not sleep for the burning and itching. We used a box of Banner Salve on him and by the time it was gone he was well. The doctor seeing it was doing him good we'd stick to it for it is doing him more good than any thing I have done for him. All druggists.

Women should not wear a petticoat unless it is white.

Given up to Die With Croup.

Mrs. P. L. Corlier of Mannington, Ky., writes: "My three year old girl had a severe case of croup, the doctor said she could not live and I gave her up to die. I went and got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life. All druggists.

Don't spoil the gown, women, for the yard of stuff.

How Are Your Kidneys? Dr. Hodge's Kidney Pills will cure all kidney troubles. Add. S. H. Hodge Co., Chicago or N. Y.

Women should not sacrifice fitness to fashion.

Nearly every person needs a tonic medicine at this time of the year to brace up and invigorate the nervous system, to cleanse the bowels, liver and kidneys. Herbine is the best and safest remedy to do this, as it will cure constipation, regulate the liver and enrich the blood. Price 60 cents.

Women should not be dashing—but dainty.

The Most Stubborn Coughs resulting from an attack of la grippe or heavy cold, must yield to the wonderful healing properties of Foley's Honey and Tar, which strengthens the lungs and makes them strong. All druggists.

Deeds are the only measure of our day.

Most women with female weakness suffer dreadfully with piles, in addition to their other pains. They may be cured by using Tabler's Buckeye Pile Ointment. Price, 50c. in bottles. Tubes 75 cents. R. C. Hardwick.

It is folly to ask pity for your pains, as long as you continue to make your couch on the devil's thornbush.

B. Person, Pressonville, Kab., writes: "Nothing like Foley's Honey and Tar" is the universal opinion of all who have used it. Especially has this been true of croup accompanying la grippe not a single bottle failed to give relief. All druggists.

The man who places the highest things first will be the first to get the highest place.

An ounce of prevention is worth a pound of cure, and a bottle of Ballard's Horehound Syrup used in time is worth a state of physician with a drug store or two included. Price 25 and 50 cents. R. C. Hardwick.

The spendthrift who is always spending upon himself is as selfish and mean as the miser.

JOHN BROWN'S HOUSE.

State of Connecticut Thinks of Preserving and Converting It into a Historical Landmark.

An effort is now being made to preserve the birthplace of John Brown and properly mark the spot where, as a barefoot boy, he learned the trade of his father, a tanner. During this session of the Connecticut general assembly it will be attempted to have a sufficient amount of money appropriated to purchase the John Brown place and convert it into a historical landmark. Deight C. Kilbourne, of Litchfield, and other members of the Litchfield County Historical society are working to this end.

The place of John Brown's birth is within half a mile of the highest point

JOHN BROWN'S HOUSE.

(Located Five Miles West of the Town of Torrington, Conn.)

of ground in Connecticut, about five miles west of the busy town of Torrington. The old house is situated on a high bluff, with no other house within a mile of it. The house is built, as most of the houses were at that time—1787—with a great-atom chimney in the center of the building, which has its foundation in the cellar. The timbers used in the foundation, on which the big stones are laid, are of oak, 12 by 12 inches square, and hewn out by hand.

It was in the western front room that John Brown first saw the light of day. There are two windows in the room, one looking to the south and the other to the west. The first thing that impresses one on entering the room is the fireplace, before which John Brown sat and listened to the black logs crackling in the blaze as the winter winds howled through the sturdy oaks and stalwart chestnut trees in the woods which surround the two sides of the house. The fireplace is quite broken down, owing to the visits of relic hunters, who have taken away stones and bricks for souvenirs.

There are four rooms downstairs and three above. The great kitchen has the big fireplace and old-fashioned oven that most of the houses of that day had. A grown-up man can stand in the kitchen fireplace and look up the chimney and see the clouds soar above in the blue sky. The old crane which once swung in the fireplace is gone. A Torrington gentleman who was building a fine modern house took that from its moorings, and it now ornaments the fireplace in his new house. Three years ago the house was shingled, and the old shingles were carefully gathered up by relic hunters and taken away. The present owner is WILLIAM M. Cook, and he enters enthusiastically into the plan to place the old landmark under the care of the state.

of the Punjab frontier force and provisional head of the imperial service. He is an old-time Indian campaigner, thoroughly conversant in the climate and the work. In the great mutiny of 1857, the year in which he entered the army, Gen. Palmer raised a regiment of Sikhs in the Afghan war, in the Sudan, and as head of the campaign in the Chin hills. It is said he understands Indian military needs more than any other man in the empire.

SERIOUS CHARGE.

Howell Woman Causes Death of Child, 'Tis Said.

Martha Ferguson, col., of Howell, was lodged in jail here last week on a serious charge. She was tried before Esq. J. F. Dixon and held over to Circuit Court. Bond was fixed at \$200, in default of which she was brought here and placed in prison to await the action of the grand jury.

It is charged that the Ferguson woman caused the death of a little colored child named Mary White. The latter was hired to Martha Ferguson as a nurse and ran away from home. She was making her way back to her old home when the Ferguson woman, it is alleged, stopped her and seizing her by the arm, dragged her some distance over a rocky road, and then tearing her clothes from her body left the child in a semi-conscious condition in a mud hole. A cold rain was falling at the time. Later a sister of the child wrapped an apron about her body and carried her to Howell, where she died of pneumonia after three days of intense suffering.

DOGS AND PONIES.

Prof. Gentry's Famous Trained Animal Show Last Week.

Gentry's Dog and Pony show, bigger and better than when it was here last, visited Hopkinsville last Friday and after a fine street parade in the forenoon, gave two exhibitions, afternoon and night, to big crowds.

This trained animal show is a great favorite here and it never fails to draw big crowds. A show that did not possess great merit could not be repeated year after year, without losing its interest, but the public never tires of seeing Prof. Gentry and his pets.

About two years old, and worth \$15.00. W. L. PARKER, J. P. C. C. April 9th, 1901.
